SUMMARY

Software developer with more than ten years of shipping iOS, Apple TV, Android and Flutter apps, from FPT Telecom's FPT Play streaming service to apps I publish on my own developer account. Trained as an electrical and electronic engineer: systematic, careful with details, and used to owning an app from the first idea to the store release and the updates after it.

SKILLS

iOS	Swift, Objective-C, Apple TV (tvOS), app extensions, push notifications (APNs)
Cross-platform	Flutter, Dart
Android	Native Android apps
Media	Live TV and video on demand, DRM-protected playback, Chromecast
Libraries	CocoaPods, Alamofire, AFNetworking, Kingfisher, SDWebImage, Realm, Facebook and Google SDKs
Shipping	App Store Connect, TestFlight, Google Play Console, Crashlytics

EXPERIENCE

Software Developer — Tevi 04/2022 – Present

- Software developer on Tevi, a platform where content creators earn directly from their fans through livestreams, interactive games, memberships and paid posts.

Software Developer, FPT Play — FPT Telecom 09/2015 – 04/2022

- Built and developed the FPT Play apps for iOS and Apple TV: live TV with program guides, video on demand, DRM-protected playback and Chromecast.
- Developed ABC Play, FPT Telecom's entertainment and learning app for children on iOS and tvOS.
- Released through TestFlight and App Store Connect, with Crashlytics crash reporting and push notifications.

Electrical & Automation Engineer — V.T.E.C.H Electrical Technology Co 04/2014 – 08/2015

- Power quality testing of transformer equipment.
- Embedded programming for microcontrollers, and PLC programming.

OWN APPS

Cải Lương Nam Bộ (iOS, Android): For listening to cải lương, the traditional opera of Southern Vietnam. Its sister apps, Cải Lương 75 and Lời Vọng Cổ, are written in Flutter.

Xổ Số Ba Miền (iOS, Android): Lottery results from all three regions of Vietnam: live draws, a ticket checker that adds up the prize, statistics by week, month and year, and sharing.

Web Điện (Android): A native client for Webdien.com, a forum for electrical engineers: read, post, edit and quote, subscribe to threads and get notified of new replies.

Selfie Puzzle (iOS): A sliding-puzzle game made from your own photos, taken from the camera, the library or the cloud, in sizes from 3×3 to 6×6.

EDUCATION

Ho Chi Minh City University of Technology 2009 – 2014
Engineer's degree, Electrical & Electronic Engineering (Automatic Control)

Informatics Center, University of Science, Ho Chi Minh City 2014 – 2015
Android Developer and iOS Developer programs
